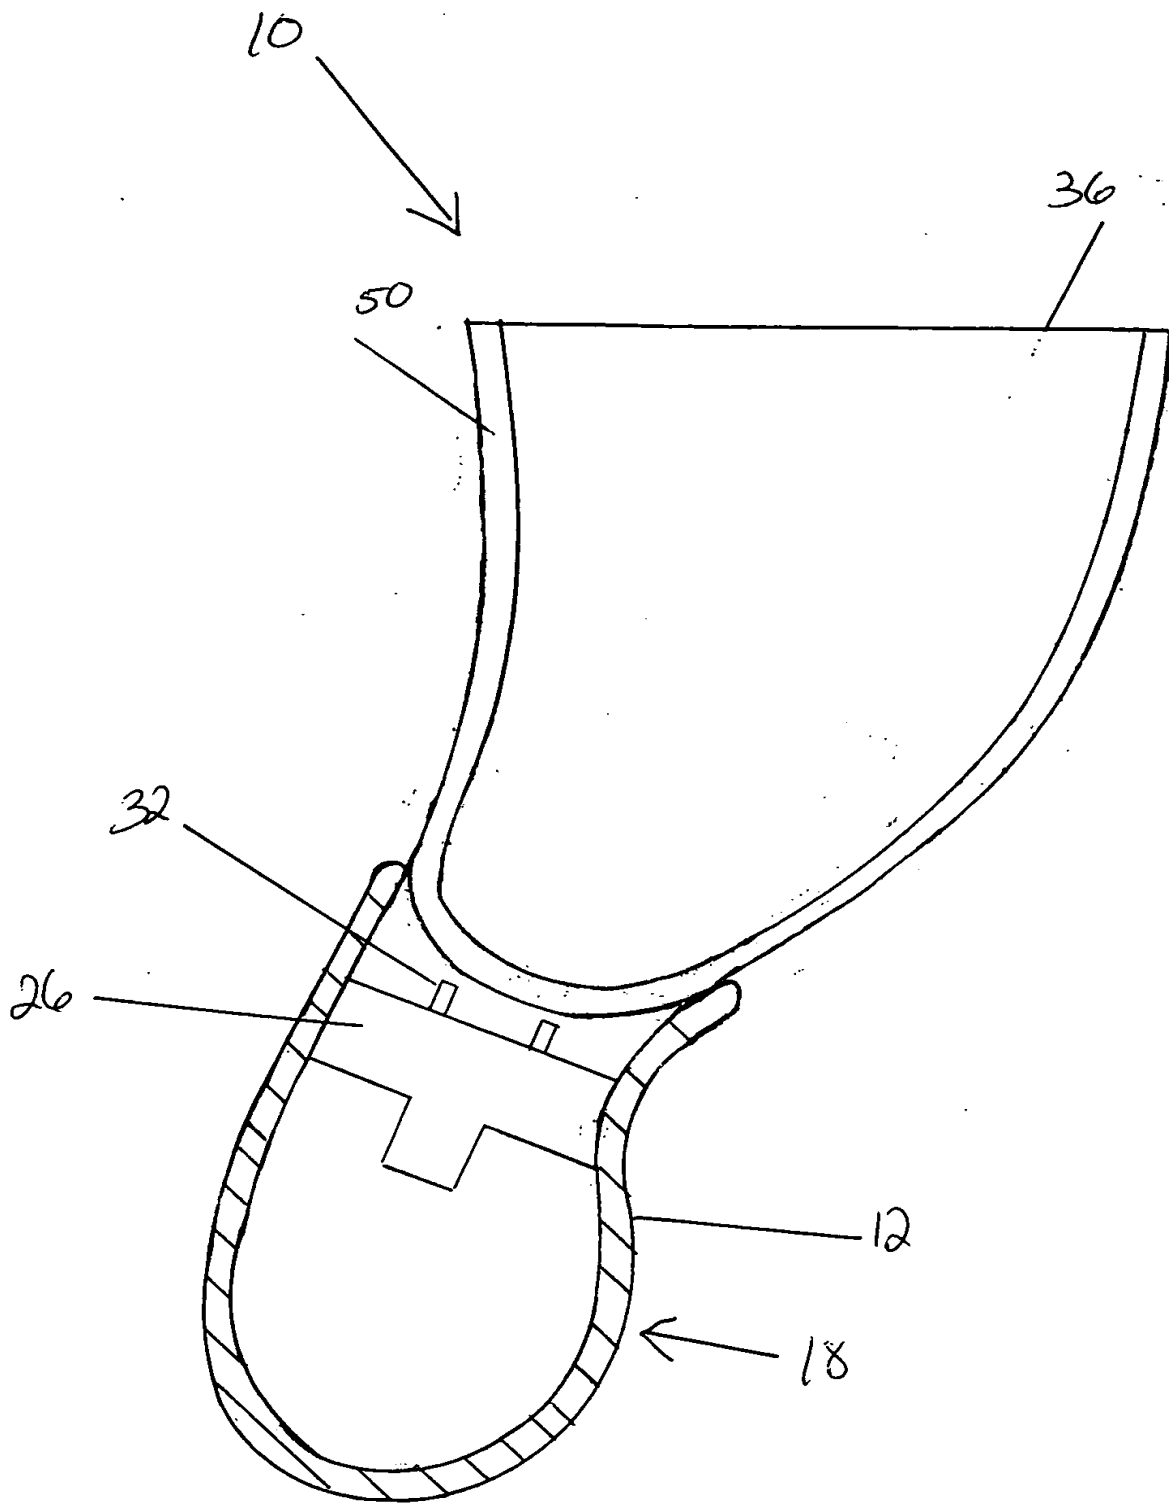

Figure 6

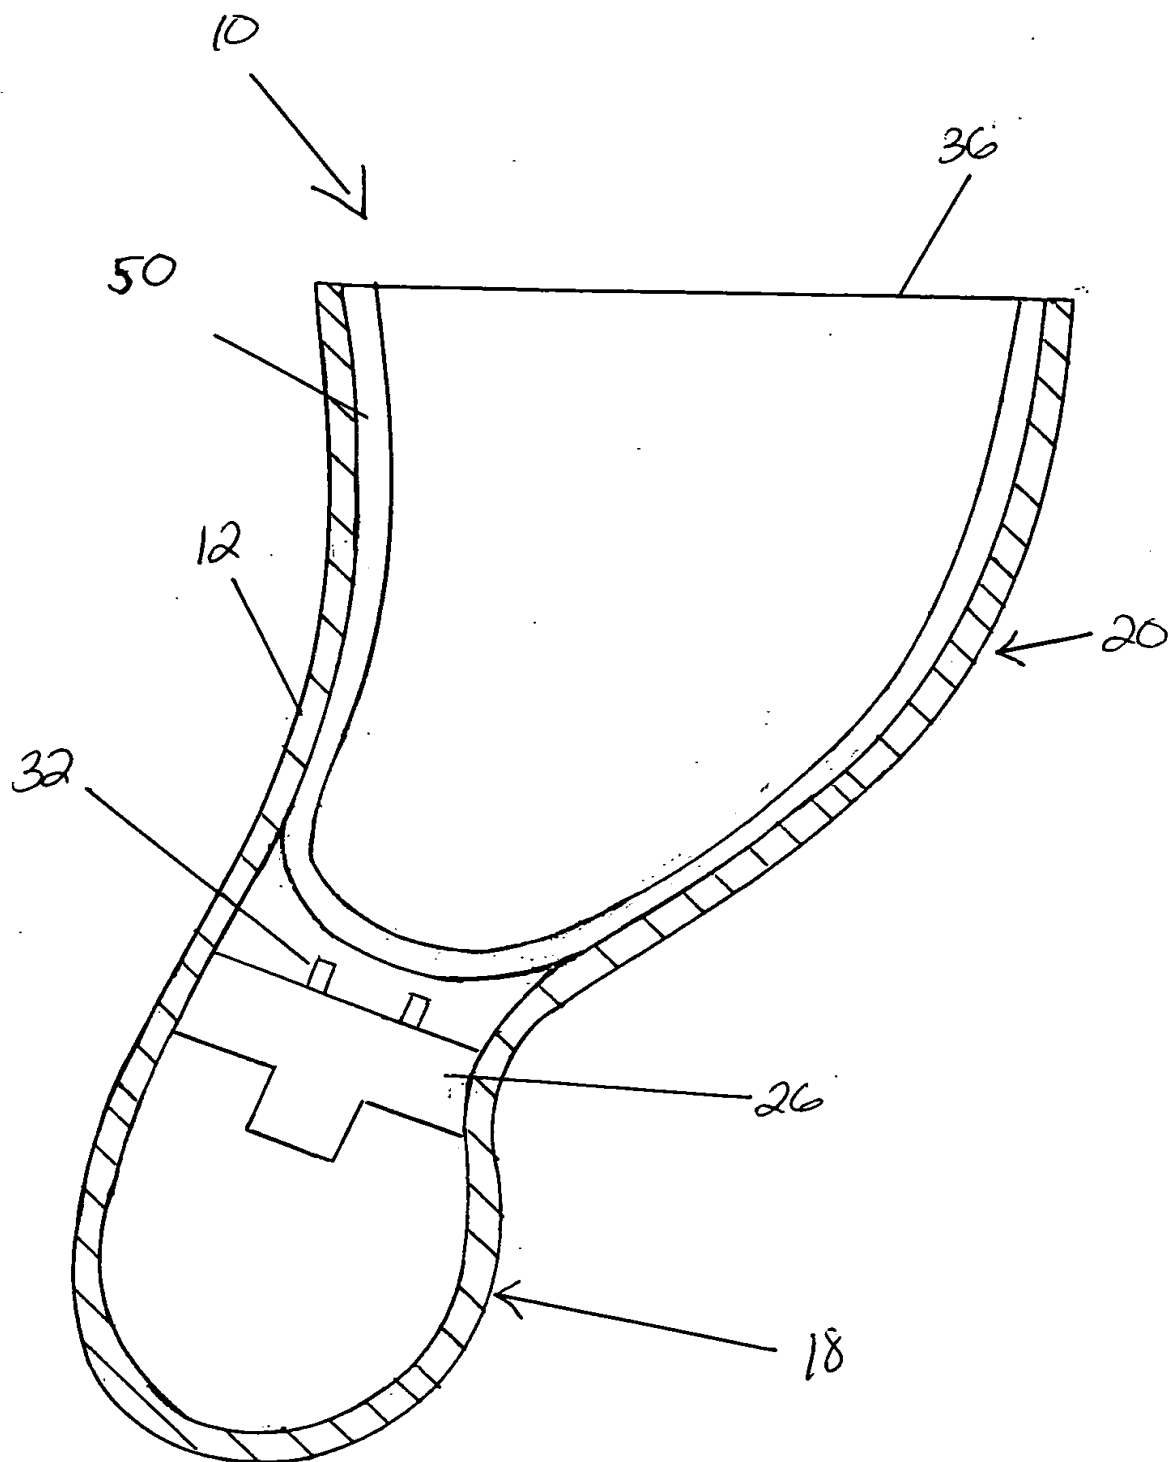

Figure 7

The image contains two hand-drawn schematic diagrams of a medical device, likely a catheter or probe, with various components labeled with numbers.

Top Diagram: This diagram shows a rectangular frame structure.

- Label **10** points to the top horizontal bar.
- Label **36** points to the top horizontal bar.
- Label **30** points to the top horizontal bar.
- Label **28** points to the right vertical bar.
- Label **22** points to the left vertical bar.
- Label **50** points to the right vertical bar.

Bottom Diagram: This diagram shows a curved, segmented structure, possibly a catheter or probe.

- Label **52** points to the left curved segment.
- Label **12** points to the right curved segment.
- Label **26** points to the right curved segment.

Figure 8

A perspective view of a shoe sole assembly 10, showing a heel portion 12 and a forefoot portion 22. The sole includes a heel insert 26, a heel insert 28, and a heel insert 30. A heel insert 36 is also shown. A heel insert 54 is located at the heel. A heel insert 55 is located at the heel. A heel insert 56 is located at the heel.

Figure 9

A schematic diagram of a medical device, likely a catheter or probe, with a curved, elongated body and a rectangular head. The device is labeled with various numbers: 10 points to the head, 36 points to the body, 30 points to the distal tip, 22 points to the proximal end, 28 points to the side wall, 52 points to the distal tip, 26 points to the proximal end, 58 points to the proximal end, and 12 points to the proximal end.

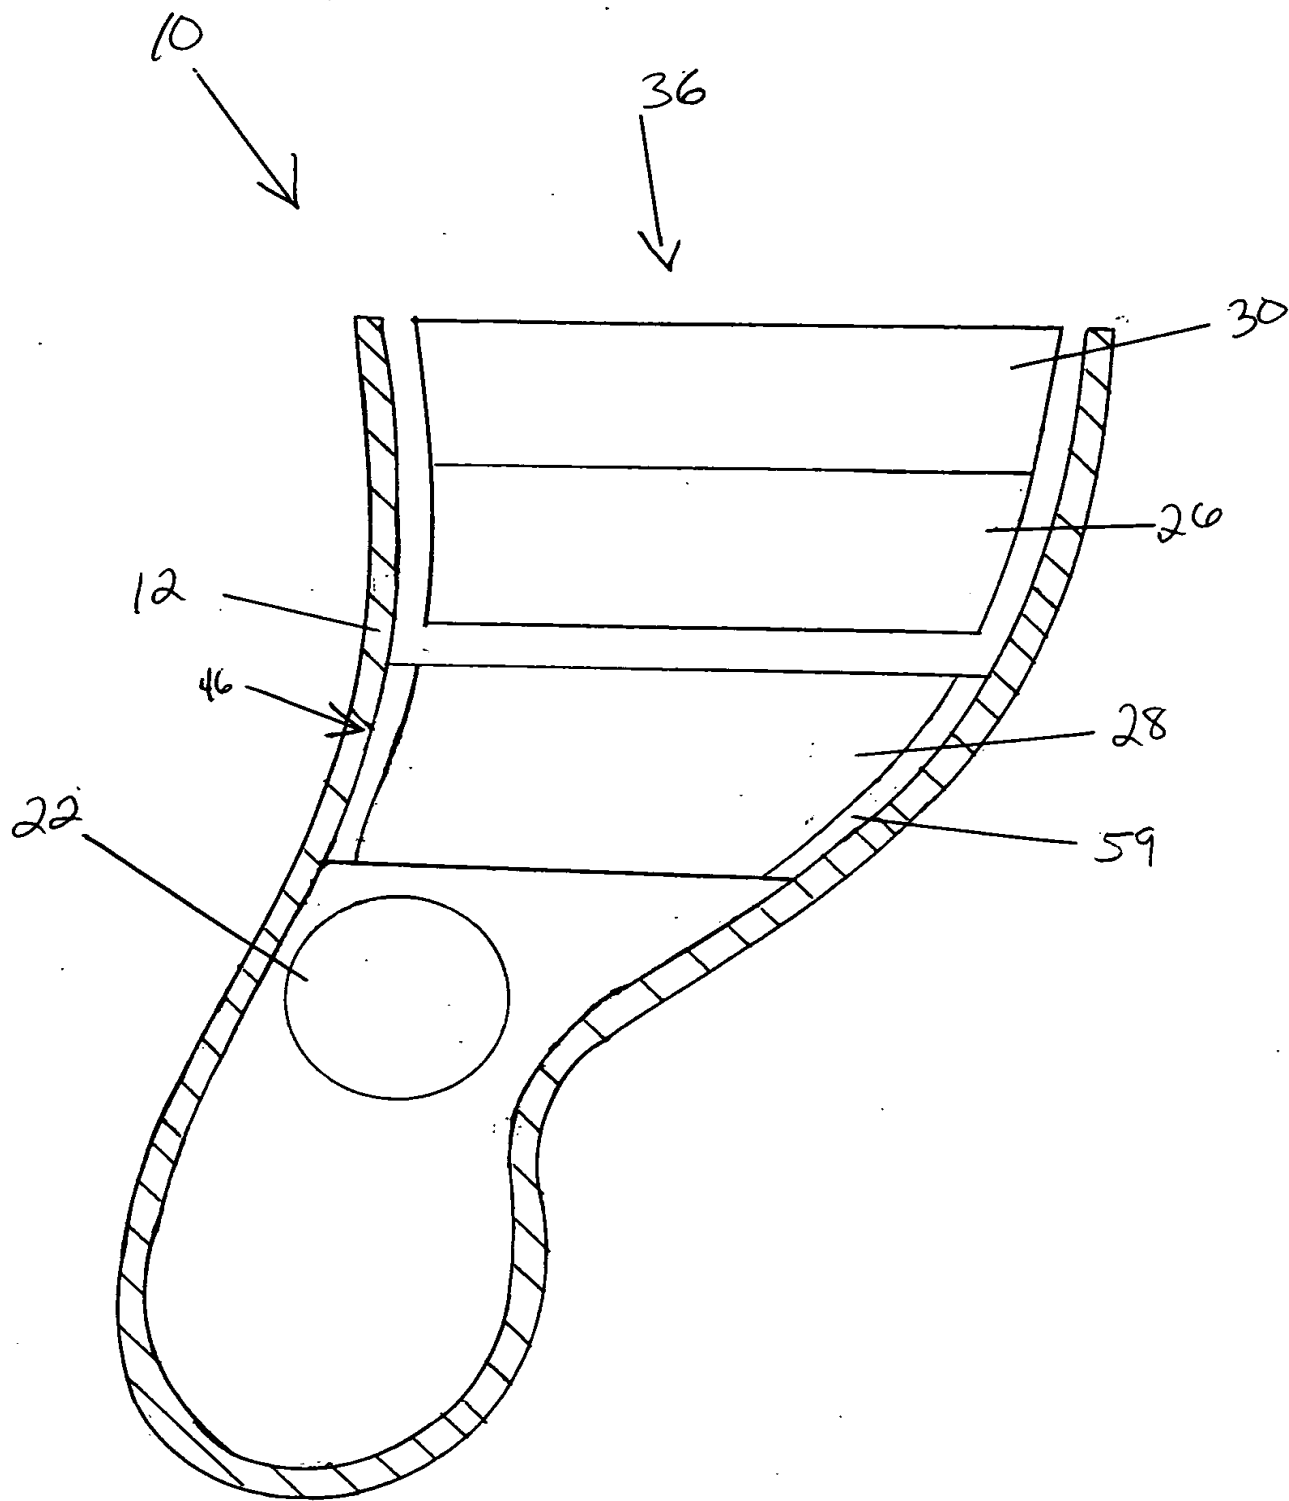

Figure 11

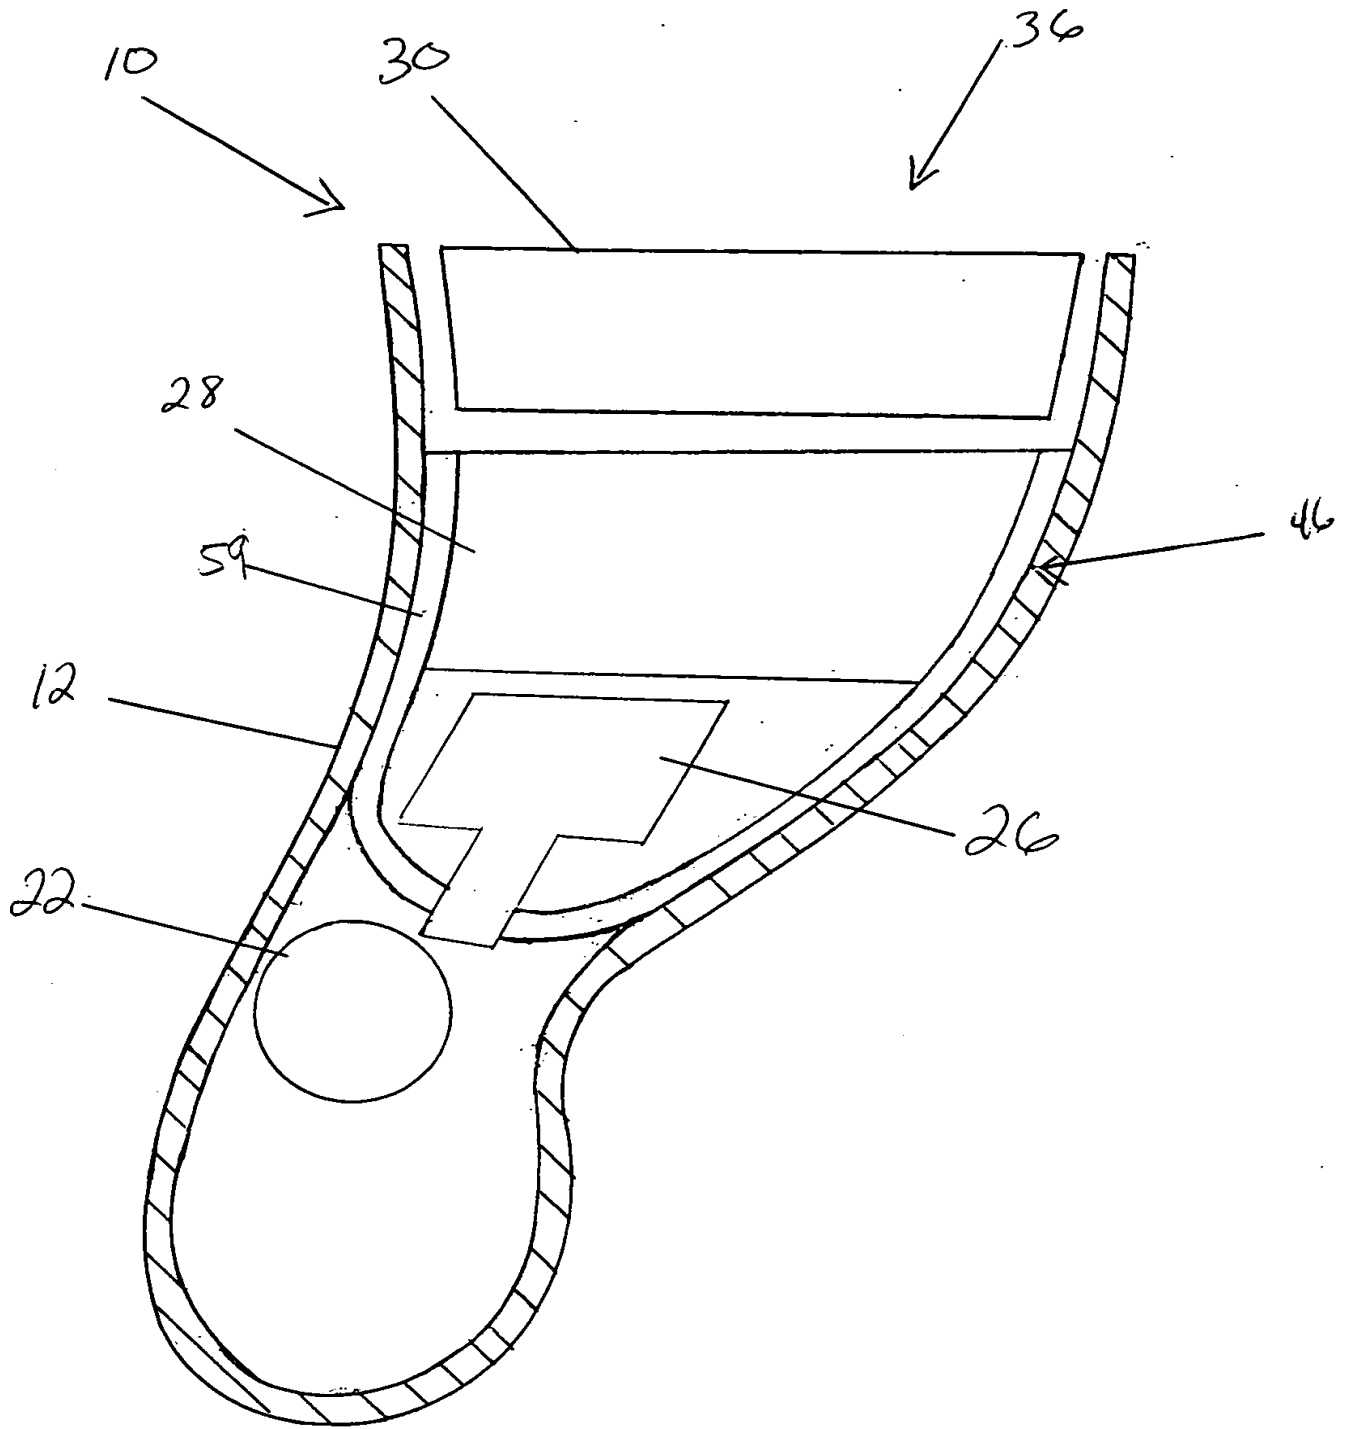

Figure 12

The diagram illustrates a shoe sole assembly 10. It features a heel portion 22 with a heel insert 28 and a heel cushion 30. A heel support 36 is positioned above the heel cushion, and a heel plate 46 is located below it. A heel sole 59 is shown at the bottom of the heel portion. A heel strap 12 is also depicted.
